

Hands-On Technical Workshop: Learn How to Deploy MarkLogic on the Cloud (Azure)

Time: Thursday, May 10th, 11:00 AM – 12:30 AM

Instructors: Matt Sun & Jason Wilkins

Azure Consultant: Brian Raymer

SUCCESS IN THE CLOUD

MarkLogic and Azure

- **Easy-to-access** MarkLogic Azure image in the marketplace (CentOS based) + Gov Cloud
- **Simple-to-use** Azure solution template for single node and three node clusters
- **Collaborative** customer support partnership with Azure (Windows + RHEL on Azure)
- **Clear** guidance and examples in the *MarkLogic on Azure Quick Start Guide*

Exercises

- Unit 1 – Deploy Cluster (Azure Solution Template)
- Unit 2 – Cluster Scale Up (Azure Marketplace Image)
- Unit 3 – Node Recovery (Azure Marketplace Image) – **Optional**

Workshop Format

- Instructor led exercises
- Optional exercises
- Exploratory contents
- Quiz questions
